♦ Main ingredients & effect  Aloe Vera Gel	1. Aloe Vera Juice nourishes the skin, providing it with intensive moisturizing care. The Aloe Vera Black Berry Moisturizing Spray can be used both to tone and to refresh and cool hot, red and taut skin. Available as an elegant yet casual pump spray, this “cooling spray” fits perfectly well in any purse or gym bag and can be carried around wherever you go. With this spray, nourishing ingredients are carried directly into the lower skin layers. Due to the antioxidative effect of the aloe’s phytonutrients and vitamins, they act like our „bodyguards“ and protect our cells by blocking out and neutralizing free radicals. The beauty nutrients of organic aloe vera enhance the regeneration of cells, smooth and tauten the skin, prevent it from drying out, improve its elasticity, enhance the blood circulation and protect it from the formation of wrinkles.
Psychological action (scent)	Refreshing, invigorating, vitalizing
♦ Effects on the skin	Moisturizes tired, stressed, taut, dry and mature skin (anti-aging)
