♦ Ingredients & effect	<div data-bbox="212 1243 580 1727" data-label="Image"> </div> <p>Lavender</p> <p>1. Jojoba oil: the only liquid oil at room temperature deeply penetrates into the skin and protects it sustainably. Regulates the moisture level and stabilizes the grease-moisture coat. This is a key element when suffering from irritated skin and atopic dermatitis. Furthermore the yellowish liquid wax is rich in vitamin E and unsaturated fatty acid and when used regularly improves remarkably the skins elasticity. As jojoba oil is very similar to the skins grease, its immediately absorbed without leaving an unpleasant fat film on the skin.</p> <p>2. Lavender hydrolate: is obtained during the water steam process from pure lavender blossoms – the scent of lavender blossom water is overwhelmingly pure. Acts harmonizing, calming and refreshing and is very suitable also just as a moisturizing add on especially for dry skin.</p>
♦ Goes well with	All skin care products
♦ Skin type	All
♦ Psychological action (scent)	Noticeable feeling of relaxed and nourished skin around the eyes
♦ Effects on the skin	Smoothes wrinkles with a firming and moisturizing effect for all skin types. On hot days, keep it in the fridge and tap it in cold.
