♦ Ingredients & effect  Honey	<p>1. Olive oil: unsaturated fatty acids, vitamin E, free radical scavenger. It is used in hydrating creams, masks and peelings and especially recommended for dry, chapped and brittle skin.</p> <p>2. Bees wax: natural wax obtained from honeycombs is used as a thickening agent in our creams, giving them a velvety shine. Bees wax is very skin-friendly and makes the skin smooth and soft without leaving an oily film on it.</p> <p>3. Honey: has multiple properties used in skin care (high content of enzymes, silicone, vitamins, calcium, organic acids) as well as a healing, regenerating, purifying and firming effect.</p>
♦ Goes well with	All skin care lines
♦ Skin type	All
♦ Psychological action (scent)	The scent of honey is a treat for all senses. It tastes wonderful and makes your lips irresistible.
♦ Effects on skin	Long-lasting and natural lip care with real vanilla extract for beautiful soft lips – not only for dry and chappy skin. A special protection against cold, sunny and windy weather – both in summer and in winter. The small jar fits into any purse or sports bag.
