♦ Ingredients & effect	<p>Lemon oil: has an intensive fresh, fruity and tangy lemon aroma and is very volatile. It is stimulating to your spirit and has a slightly calming, concentration-enhancing effect as well as refreshing, antibacterial, astringent and antiseptic properties. Essential lemon oil is obtained by pressing the yellow fruit peel and mainly produced in Sicily and Calabria. The remains of the peels are then distilled with water, as not all the oil can be pressed out. Lemon oil also has anti-inflammatory, antipyretic and hemostatic properties, enhances the immune system by activating the formation of white blood cells and acts as an acidity regulator. Due to its high content of vitamin C, it is also said to have healing properties and reduces the effects of infectious diseases.</p> <p>The effect of lemon oil on the skin is stimulating, firming and purifying. It is particularly recommended for oily and impure skin and works against the skin's aging process.</p>
♦ Goes well with	All shower gels and "Grapefruit Orange" Sea Salt Peeling
♦ Skin type	All
♦ Psychological action (scent)	Vitalizing, stimulating, inspiring
♦ Effects on the skin	Stimulating, firming and regenerating body oil for daily skin care. The carefully selected cold-pressed vegetable oils are easily absorbed. With its high content of vitamin C, lemon oil acts as an effective natural free radical scavenger (anti-aging).
