♦ Ingredients & effect	 <p>Apricot kernel oil: is a precious vegetable oil obtained by cold-pressing the soft inner part of the kernels. It contains many important vitamins, minerals and enzymes, activates the skin metabolism and enhances the skin's ability to bind moisture. Apricot kernel oil is composed of approx. 65 % of monounsaturated fatty acids. Due to its high content of vitamin E, B-vitamins and essential fatty acids, it is considered particularly precious. Apricot kernel oil is absorbed quickly and makes the skin soft and elastic with a silky glow. It is recommended for all skin types, especially for dry skin. In soaps it has a moisturizing effect, preventing the skin from dehydration.</p> <p style="text-align: center;">Apricot kernel</p>
