♦ Ingredients & effect	<p>1. Aloe Vera juice : medicinal plant with the highest content of acemannan (sugar molecules that enhance the immune system as a free radical scavenger), moisture, multiple essential oils, many vitamins (A, C and E), minerals (calcium, potassium, iron, magnesium, zinc), enzymes, amino acid and saponins (carbohydrates with a cleansing and anti-inflammatory effect).</p> <p>2. Healing clay: detoxifies, enhances the immune system and is a natural source of silicium (an important mineral that keeps the skin elastic and smooth).</p> <p>3. Jojoba oil: is the only natural wax that is liquid at room temperature. It deeply penetrates the skin, protecting it, regulating the skin moisture and stabilizing its hydrolipidic film (important for irritated skin and atopic dermatitis). Jojoba beads are round and therefore do not damage skin with sharp edges. They stimulate the blood circulation and gently remove dead skin cells.</p>
 <p>Aloe Vera gel</p>
