♦ Ingredients & effect	<div data-bbox="183 1205 502 1646" data-label="Image"> </div> <p>Goji berry</p> <p>1. Black currant seed oil: high content of oleic acids (linoleic acid) and very rare unsaturated fatty acids, which both stabilize the protective layer of the skin, helping to retain the skin's own moisture. It serves as a free radical scavenger and boosts the metabolism, making the skin resistant and robust.</p> <p>2. Cranberry oil: considered to be a real vitamin bomb, it is an excellent free radical scavenger. It nourishes, smoothes and protects the skin in a very gentle and natural way. Especially good for skin that tends to wrinkle.</p> <p>3. Goji berry: Goji berries have a strong antioxidant, meaning cell protecting property. This is a key element to protract the aging process and to donate skin a healthy look. The red berry is very rich in vitamins, minerals and enzymes. Therefore the Himalaya berry is a welcome aid in fighting free radicals and an effective anti aging tool of our time.</p>
♦ Goes well with	As an add-on for all facial products
♦ Skin type	Dry, mature and dehydrated skin
♦ Psychological action	Fruity, stimulating, slightly flowery, vitalizing
♦ Effects on skin	Premium natural anti-aging with important vitamins, phytohormones and essential fatty acids for optimal regulation of the skin's moisture. With its high content of vitamin C, antioxidants, berry and fruit extracts (black currant, goji berry and cranberry), it provides highly efficient protection against harmful environmental influences.
