Gold: 23 carat leaf gold is one of the most noble and precious anti-aging ingredients, making high-quality cosmetics even more valuable. As a noble metal, gold gives your skin and soul a very special glow. Even in the ancient world, gold particles were used in creams and oils to reach a firming and cooling effect and to smooth the skin from inside. Gold can easily be massaged into the skin and binds about 300 times its own weight in moisture. It is therefore used to balance the skin moisture and reach a luminous and radiant look.</p> <p>Gold breaks the light on the skin differently, so that it gains a gentle, tender gleam. Moreover, gold has a great healing effect on skin. Goldatoms help to control nucleic acids and therefore have an impact on the cell supply. Furthermore, Gold supports skin in releasing roughage.</p>
