♦ Ingredients & effect	<div>  <p><b>Royal jelly</b></p> </div> <ol style="list-style-type: none"> <li><b>1. Calendula:</b> The active substances of the calendula protect the skin from harmful environmental influences, have anti inflammatory and antimicrobial properties and keep it soft and supple</li> <li><b>2. Rose blossom water:</b> rose hydrolate acts clearing, toning and calming. The gentle scented water is suitable for every skin type.</li> <li><b>3. Royal jelly:</b> is a great active ingredient for natural anti aging, as it contains large quantities of amino acids, enzymes, minerals, vitamins and micro element. Large quantities of vitamin E and carotinoids have been detected in royal jelly. Carotinoids are known for their positive effect when talking about regeneration of cells in connection to skin. The active ingredients that have been detected so far are highly effective already of their own in their vitalizing effect, but taken together as a whole even more, as the oxygen intake and the cell metabolism are kick started and the aging process is delayed.</li> </ol>
♦ Goes well with	Calendula and Black Berry skin care products
♦ Skin type	Dry, mature skin with a tendency to wrinkle
♦ Psychological action (scent)	Refreshing, soft and mild
♦ Effects on skin	Rich care with important nutrients, especially during winter months, after workout and sauna, and as an overnight care for demanding skin.
