

♦ Product name	Rose Blossom Body & Face Splash – 1.0 fl. oz.
♦ Moon phase	Daily
♦ How to use	Spray on face and body whenever you feel drained and drawn and enjoy an immediate refreshing effect!
♦ Ingredients (INCI)	Aqua Rosa Damascena (Rose water), Rosa Damascena (Rose oil)
♦ Main ingredients & effect	<p>Rose water (hydrosol): also appreciated as facial water for extra dry and sensitive skin as well as for baby care. Rose water has soothing, antiseptic and nourishing properties.</p> <p>Professional spa tip: Use cooling compresses with natural rose hydrosol to reduce swellings, inflammation, pain or itching. Also very effective to reduce the symptoms of irritated eyes or conjunctivitis – just spray some rose hydrosol on two cotton pads and place them on your closed lids. This is also recommended in the sauna or for travel, since the air conditioning of cars or planes can irritate your eyes. You can also use cotton pads with rose hydrosol after a long working day in front of your computer!</p> <p>Essential rose oil: is extracted by steam distilling rose petals. The petals used to extract the oil are mainly cultivated in France, Morocco, Bulgaria and Turkey and picked by hand.</p>
	 <p style="text-align: center;">Rose blossom</p>
