Ölen,</p> <p>***reine ätherische Öle, *** kontrolliert biologischer Anbau</p>
♦ Active Agents and Effect 	<p><b>Avocado Oil:</b> enhances the cell renewal and is highly recommendable for dry, sensitive and cracked skin. The high content on Palmitolein acid grants a very good tolerance even on sensitive skin. Avocado oil donates over average moisture because due to the plant specific emulgators the active agents (Vitamins A, E and D) can penetrate deeply into the skin layers and does not leave on a grease film. Even when suffering from impure skin avocado oil helps to combat impurities as it has an antiinflammatory effect and is the perfect weapon against blackheads, pimples, and large pores. Used regularly avocado oil assures a clear skin appearance and improves elasticity. <b>Black currant seed oil:</b> regenerates, firms, smooths the skin and counteracts wrinkling. Seed oils contain an exceptional high level of polyunsaturated fatty acids and gamma linolenic oil, which is very gentle to skin. Modern medicine uses seed oils for a large variety of skin conditions such as scars, neurodermatitis, skin with a tendency to allergies, and premature skin aging.</p>
♦ Goes well with	All Peelings, all Shower gels
♦ Skin Type	Mature, dry skin
♦ Effect on skin	The combination of highly effective antioxidants contained in our cold pressed oils make this superior body cream an anti aging product with precious vitamins and essential fatty acids
