♦ Ingredients & effect	<div data-bbox="223 1133 600 1720" data-label="Image"> </div> <p>Hamamelis water (witch hazel): effects are based on the contained essential oils – with external use they help verifiably with several skin problems such as sunburn, insect bites and hemorrhoids in the early stages. Furthermore the hamamelis water can help with bruises and haematoma as well as with minor skin and mucosa inflammations.</p> <p>Anti-inflammatory, affect healing-support and analgesic effect with skin problems. Hardly any other natural ingredient has such extensive effective use with skin problems as hamamelis water.</p> <p>It is scientifically well researched and effects have proven effective. Whether it is made out of the leaves, twigs or both, it generally has three proven effects: Anti-inflammatory, affect healing-support and analgesic effect.</p> <p>Unlike the most plants, the effects of hamamelis water have been tested almost exclusively on humans instead of in the laboratory. On this account it can be said for certain, that hamamelis water is especially effective with skin irritations and insect bites.</p>
